

Billerica Catholic Religious Education
Annual Health & Safety Lesson
Gr. 1,2

The attached Safety Lesson packet is for you to teach your Grade 1,2 child(ren) at home.

The US Catholic Bishops, and the Archdiocese of Boston, require all Religious Education programs in the Archdiocese to provide such curriculum to our students and families. The materials used for our Grade 1 and 2 families are based on “The Safe Program” curriculum, which is approved by the Archdiocesan office for Child Advocacy. This attached lesson plan has been adapted for your use at home by the BCRE Gr. 1,2 Coordinator, Robin Clayton.

If you **do not plan** to use the personal safety program with your Grade 1,2 child(ren), we are required to have this in writing. Please fill out the attached form and deliver it to the BCRE Office or to class at your earliest convenience.

Please feel free to contact me if you have questions or concerns, or if I can be of any assistance.

God Bless,

Robin Clayton
BCRE 1st and 2nd grade Coordinator
